

INTERNATIONAL AIRBORNE OPERATIONS®

S.W.A.T. TACTICS 2012

Dear Fellows,

This is the first time that we are executing a SWAT tactical course, with one of the United States most professional units in the world. The whole program is approved by the U.S. State Department, and will be covering the official program to become an U.S. SWAT operator.

Operation SWAT Tactics 2012

INTERNATIONAL AIRBORNE OPERATIONS® will run the first tactical operation as Operation SWAT Tactics 2012 in July 2012 in Luxemburg.

This course provides instruction in the United States SWAT building entry tactics. This course is applicable to both law enforcement officers and military personnel assigned to the tasks of entering buildings to apprehend violent suspects. The course starts at an introductory level and progresses to advanced scenarios to test you and your abilities. Working in Teams of various sizes to enter and secure various size buildings will be emphasized. This is a high intensity & physically demanding course. Students who successfully pass this course will be given a Certificate of Training.

BE ADVISED... This is NOT a 9 to 5 training program with a break on every hour for coffee. Training days may be 10 hours (or more) in duration.

This is NOT Boot Camp. Our Instructors will NOT be screaming in your face. However, this is a high-intensity, fast-paced course which is physically demanding and has a high ammunition count.

During Operation SWAT Tactics 2012 we will execute:

- Introduction to Building Entries.
- Room Domination Techniques.
- Tactical Movement through the Entire Structure.
- Tactical Movement in Urban Terrain.
- Working in Teams of Various Sizes. Starting with 2 Members and Working up to the Entire Class Working as One Team.
- Breaching Techniques.
- Scenarios.

In reference to your own qualification you may gain a certificate for having participated in Operation SWAT Tactics 2012.

The training:

SWAT tactical training works together with SWAT Operator instructors in an active SWAT unit from the United States:

U.S. based tactical training company staffed by former military, government personnel, and current Metro-Detroit SWAT Team members to provide the latest in tactical training. Members of the staff have served combat tours of duty during Operation Desert Shield/Desert Storm and Operation Iraqi Freedom. Staff members have kicked thousands of doors during police operations and are still kicking doors today. Our training complies with current U.S. police use-of-force policies and prepares the operator for the "real world." Our courses are formed from countless operations and contain only what really works in critical situations.
